Dear Sir or Madam:

Luminant Generation Company LLC (Luminant) is submitting the attached Air Permitting Authorization Void Request Form to request the Texas Commission on Environmental Quality (TCEQ) to cancel certain air permits and registrations for the Sandow Steam Electric Station (SASES) located near Rockdale in Milam County, Texas. Luminant has permanently retired the Unit 4 boiler and certain other facilities and now requests the TCEQ to cancel the associated air permit authorizations.

Please note that Luminant is still operating other facilities at SASES for various purposes (e.g., safety, assist in site shutdown). Therefore, Luminant is not cancelling certain SASES air permit authorizations at this time and will request additional air permit cancellations in the future.

If you have questions regarding the attached cancellation request, please contact Mr. Paul Barnes of my staff at 214-875-8374.

Sincerely,

Kim Mireles
